

## **Jatish Kumar**

Jatish Kumar obtained his PhD in Chemistry from the CSIR-National Institute for Interdisciplinary Science and Technology (NIIST), Trivandrum, India in 2013 working under the guidance of Prof. K. George Thomas. After completion of his PhD, he worked initially as a JSPS postdoctoral fellow and later as an assistant professor in the lab of Prof. Tsuyoshi Kawai at the Nara Institute of Science and Technology (NAIST), Nara, Japan between 2012 to 2016. In October 2016 he moved as a Marie Curie postdoctoral fellow to CIC biomaGUNE in San Sebastian, Spain to work under the supervision of Prof. Luis M Liz-Marzan. He joined the Indian Institute of Science Education and Research (IISER) Tirupati, India, as an Assistant Professor in December 2018. His research interests are in the field of nanoscale chirality, photochemistry and organic supramolecular polymerization and assembly of nanomaterials.
