

Prof. Dr. Jürgen Garche

- PhD - in Theoretical Electrochemistry (1970), TU Dresden
- Habilitation - in Applied Electrochemistry (1980), TU Dresden

- R&D interests:
 - Li- batteries,
 - Lead-acid batteries,
 - Battery Testing (electrical and safety)
 - Fuel Cells and Electrolyser
 - Photoelectrochemistry

- > 50 years experiences in battery and FC areas
- > 300 publications, 9 books, 10 patents.
- Editor-in-Chief of “Encyclopedia of Electrochemical Power Sources”
- Member of editorial boards of four battery and fuel cell journals

- Senior Professor Electrochemistry, University of Ulm since 2015

- General Manager of the “Electrochemical Energy Storage and Conversion Division” of the Center of Solar Energy and Hydrogen Research (ZSW) Ulm, 1993-2004
- Manager of FCBAT (Fuel Cell and Battery Consulting – www.fcbat.eu) Ulm, since 2004
