

Radioguided Surgery and

Particle Therapy Dose Profiling

a mini-workshop

Aula Conversi

Dip. Fisica Univ. di Roma "La Sapienza"

21 marzo 2016 , h 14:00

Programme

14:00 Interventional Molecular Imaging and Radioguided Surgery: current challenges and future perspectives

-- **R. Valdes Olmos**, Leiden University Medical Center

14:45 A novel Radioguided Surgery technique with β^- decays

-- **R. Faccini**, Dip. Fisica Univ. "La Sapienza" and INFN Roma

15:15 Coffee Break

15:30 Ideas for new radio-tracers for radioguided surgery

-- **A. Parente**, University Medical Center Groningen

16:00 Dose profiling in Particle Therapy

-- **V. Patera**, Dip. SBAI Univ. "La Sapienza" and INFN Roma
